

## COMMITMENT STATEMENT LANetwork - LATIN AMERICAN NET ON ART FOR SOCIAL TRANSFORMATION MOTIVATION TO CONTRIBUTE TO THE WORK OF THE ACCESS TO CULTURE PLATFORM

The LA Net's central motivations are:

- [ to strengthen borderless networks conformed by social organizations working with art, community and social change, with the objective of improving the working conditions they face in each territory
- [ to generate an international steering committee with the capacity to direct the EU funds allocated to social sustainable development towards artistic and cultural projects fostering social cohesion.

Why do we think the Access to Culture Platform is important?

We believe that all citizens of Europe not only have a right to access culture but also, given our increasing diversity, to play an active role in defining what our cultures might include and how they might develop. The platform is important to encourage and support dialogue on these issues across Europe to promote deeper as well as wider understanding.
