

RES ARTIS, THE WORLDWIDE NETWORK FOR ARTIST RESIDENCIES IN AMSTERDAM WHO WE ARE

Res Artis is the international association for residential arts centres, based in the Netherlands. Its members are residence centres and related organisations that encourage the development of contemporary art and support artists through residential artist exchange programmes. With over 400 members from more than 70 countries, it is the largest existing worldwide network of artist residency programmes.

Res Artis provides a critical forum for residency organisations, convening international meetings and conferences where the exchange of ideas, practices and creative models test cultural assumptions and stimulate participants to open their institutions to new ways of creative interactions between the local and the global. Res Artis is promoting an understanding of the catalytic role that residential art centres play for cultural exchange, the development of the arts and artists' mobility.
