

## TRIANGLE NETWORK WHO WE ARE

Triangle is an international network of artists and arts organisations that promotes dialogue, exchange of ideas and innovation within the contemporary visual arts. With partners in over 30 countries in Africa, Asia, Europe, Latin America and the Middle East Triangle develops artist-led workshops, residencies, exhibitions and outreach events.

Triangle responds to the needs of artists and arts organisations to communicate with one another to share ideas, skills and experiences.

The network enables partners to play a unique role in connecting local and international art scenes, challenging insularity and creating opportunities for artists.
